**HOPE** changes what's  
**POSSIBLE**

## WHERE ARE THE LIMITS?

What can the human spirit accomplish when it looks beyond limitations and sees possibility and opportunity? What's the power of hopes and dreams?

*Rich's story made me want to go climb a mountain!*

On September 12, 2011, Rich Dixon climbed onto his specially designed cycle in remote Lake Itasca State Park in Northern Minnesota. Over the next eight weeks he pedaled 1500 miles along the Mississippi River to the Gulf of Mexico—using only his arms.
